Werum IT Solutions receives the prestigious "Asia-Pacific Bioprocessing Excellence Award 2020" for its PAS-X MES

PAS-X Manufacturing Execution System awarded with the "Best Bioprocessing Supplier Award: Automation – Software" for the second consecutive year at the Annual Biologics Manufacturing Asia 2020 conference

Lüneburg, Germany / Bangkok, Thailand, 8 July 2020 – Werum IT Solutions, the leading supplier of manufacturing execution systems (MES) and manufacturing IT solutions for the pharmaceutical and biopharmaceutical industries, was honored with the "Best Bioprocessing Supplier Award: Automation – Software" for the second consecutive year at the 7th Annual Biologics Manufacturing Asia 2020 conference, which was held virtually on 7-8 July 2020.

Werum receives the award for its market-leading PAS-X MES solution, comprising the PAS-X software product, pre-configured content for pharma and biotech processes, as well as consulting, training, and support services. PAS-X supports pharma and biotech manufacturers to gain operational excellence by increasing efficiency, improving productivity and meeting regulatory requirements – factors that are all essential for a company's performance in these highly regulated industries.

"We are honored to be named Best Bioprocessing Excellence Supplier for the second consecutive year," states Teerapong Cheepchol, Managing Director, Werum IT Solutions Ltd., Thailand. "The recognition encourages us to continue providing the best digital solutions and services as a strategic partner to pharma and biotech manufacturers in Asia Pacific. I would like to thank our customers, partners and employees for their commitment and trust."

The Asia-Pacific Bioprocessing Excellence Awards honor bioprocessing leaders from over nine different regional biologics hubs across Asia Pacific. The virtual award ceremony was

held in parallel with the 7th Annual Biologics Manufacturing Asia and the 4th BioLogistics World Asia, bringing together over 500 pharma industry experts online.
